

FAQ's

What if the student wants a drink while bringing their lunch from home?

The student can get in line with the other students and “order” a drink. I will highlight their name and note their order. I will invoice all outstanding amounts at the end of each semester.

What if the student misses a day of school while already purchasing their lunch?

Since the food for each week is purchased in advanced, we are unable to give credit or refunds. If a student will be gone for a long term, we ask that you inform us via email as soon as possible to avoid purchasing food for that term. A credit can be issued at that time for those unique situations. Field trips, snow days, and special out of school events won't be able to be credited so please check with your teachers and school calendar before ordering lunches.

What if I miss the Calendar Turn In Deadline?

If you miss the deadline and still need a lunch, we will have a small amount of extras each day but there are no guarantees of what we will have. Salad Bars, Soup/Salads, and Baked Potato Bar will be most likely the preferred option. I will document their lunch order for each day and invoice at the end of the semester. Please turn in the Lunch Calendar when you can to ensure your student will receive exactly what they want rather what we have left over.

What if I loose my copy of the filled out calendar?

Please make a copy of the filled out lunch calendar for each month. I have refrigerator magnets for you to use to keep your calendars in view for each day. Email me and I will scan another copy for your convenience.

What if my student has an allergy to a specific food?

Please inform me of all allergies your student may have. I will make a specific note in your student's file and document the daily spreadsheet to avoid any reactions. Please note that no nuts or nut products will ever be used in a lunch menu.

What about Vegetarian options?

It is unfortunate that we don't have a greater demand for vegetarian dishes. What I have done for other vegetarian students is to highlight all of the dishes in a specific calendar that I can make vegetarian and note the student's file. Email your needs and I will try to fulfill them best I can.

Can I purchase lunches for the entire year?

Yes, several parents purchase lunches for the entire year to save the monthly check writing process. Once you pay for the entire year, a couple different options are available for this process: one, you can purchase all of one menu item for the entire year. (i.e. BDL/Wtr) or two, you can turn in a calendar each month with your individual selections with drink. There is a discount when purchasing for the entire year. Please check out prices on the school homepage.

What if my student forgets to pack a lunch or leaves it at home?

The student can just get in line with the rest of their class and receive a lunch for the day. Based on the number of lunches, we will offer your student an available lunch. I will document their lunch and invoice the parent at the end of the semester.

Lunch Ordering Process

At the top of the calendar, please fill out the class (Primary, EE, UE or AC), guide and student's first and last name. Due to limited space on the calendars, an abbreviated version of the daily lunches will be placed as lunch options. Complete and detailed versions of the weekly menus (LUNCH MENU) can be found on the school homepage.

Beginning with the first day of the menu, check your lunch selection box. The drink selections are located just below all of the lunch options. Please note that a drink is included in the price of the lunch so check your desired box. Selecting the "Extra" box will allow your student to have two of whichever drink they choose. An additional fee can be calculated at the bottom of the calendar for the extra beverage. Continue this process throughout the entire month. Even if you only want one lunch in a month, a calendar must be filled out to denote the specific date and lunch. Please check dates of vacations, field trips and any other special events that lunch won't be served for your student. Refunds or credits are unable to be allowed.

To compile the monthly fee for lunches, place the total number of lunches on Line A, place the grade appropriate price on Line B. Multiply A and B to get total on Line C. If you selected additional drinks at any time throughout the month, place that number of Extra drinks on Line D. Multiply Line D with the Extra Drink price and place on Line E. Add lines C and E together and place Total Price on Line F.

Attach your check to your copy of the calendar and turn into the office by the DUE DATE on top of the calendar. If you miss the selected due date, please turn in your calendar as soon as possible to ensure your students received their desired selections. Until we receive their lunch selections, we will offer the student a limited selection. Thank you for allowing me to cook for your student.

Please check the school calendar for days out and early dismissal. This is your responsibility and credits cannot be issued. Please double check.
